Transition FAQ

How do I know whether I have received NMC 2 or NMC 3?

The stand-alone SmartSlot Cards for NMC2 and NMC3 are identifiable by their unique SKU numbers

- **NMC2** - AP9630 and AP9631
- **NMC3** - AP9640 and AP9641

In case of Smart-UPS with embedded or pre-installed NMC, the packaging contains a label with a QR code & short link (<https://www.apc.com/secure-nmc>) which directs the user to the secure-NMC landing page for detailed information.

Please see the customer journey mapped out on the following page.

When can I expect particular UPS model to ship with NMC3?

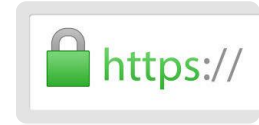

To identify particular UPS model availability with NMC3, the roll out timelines are contained earlier in this document and will be updated if there are any changes to these release to sale dates.

NMC3 Customer Journey

Customer purchases a UPS with either an embedded or pre-installed NMC3

(885-91661)

Receive NMC3
(Bundled or pre-
installed with UPS)

Scan the QR code or
access the short URL
www.apc.com/secure-nmc3

Contains all required
information on NMC3
with detailed supporting
documentation

Access to information
on security changes
and the ongoing NMC3
transition

Customer purchases a stand alone NMC3

AP9640 or AP9641

Purchase stand-alone
NMC3 SmartSlot Card
(AP9640, AP9641)

Receive user manual &
software download
details in Lit-kit

Access NMC web page
for more information –
has link to NMC3 page

No QR code as it's a
unique SKU

Revision History

Date	Version	Changes made/Comments
March 2020	1.0	Initial transition rollout plan
June 2020	2.0	Availability of UPS upgraded to pre-installed NMC3 partially moved to August 2020 and the rest to December 2020 [due to Covid-19 impact on factory]
September 2020	3.0	Availability of UPS upgraded to embedded NMC3 moved and spread across December 2020, March 2021 and June 2021 [due to test setup constraints in factory]
December 2020	4.0	Availability of UPS upgraded to pre-installed NMC3 moved and spread across March 2021 and June 2021 [due to test constraints in factory]
July 2021	5.0	Availability of UPS upgraded to pre-installed NMC3 moved and spread across September 2021 to December 2021.
